No. 21.—It has been brought to the notice of the Government that supplementary indents are received in large numbers from the indenting officers and most of such indents are due to failure on the part of the indenting officers to make adequate provision for forms in their annual indents. Such

supplementary indents cause not only additional expenditure to Government in printing the required forms for a second time but also additional work in the Stationery Office. The attention of the indenting officers is therefore invited to paragraphs 163 and 34 and 35 of the Stationery Manual, Volume I, and they are requested to avoid supplementary indents save in very exceptional circumstances. The Superintendent of Stationery should refuse to comply with supplementary indents which are not accompanied by an explanation as to the circumstances necessitating those indents and when he is not satisfied with such an explanation he should require the indenting officers to obtain the orders of Government for the supply.

Ex-service men of this class who are recruited in future will draw the lowest scale of pay ordinarily admissible for clerks in the offices in which they are employed, even if they possess no technical qualification, provided that their capacity is equal to that prescribed for the Higher grade and that they pass the examination in that grade at the first opportunity open to them after their appointment.

No. 94.—The following is published for information :—

MEMORANDUM No. 1650-1, L. & M., DATED 20TH JANUARY 1925.

Extract of paragraphs 31 and 32 from the report of the Technical and Industrial Education Committee appointed by Government in 1922 and the orders of Government thereon are communicated to all Presidents of District Boards, Presidents of Taluk Boards and Chairmen of Municipal Councils

APPENDIX

EXTRACTS FROM THE REPORT OF THE TECHNICAL AND INDUSTRIAL EDUCATION COMMITTEE.

Action by local bodies.

31. The Committee regret very much to find little evidence of any particular interest being taken in industrial education by local and municipal bodies. They are aware that the financial conditions of most of these bodies encourage little hope of improvement in this direction in the immediate future; they observe moreover that several industrial schools are heavily taxed by the local bodies within whose jurisdiction they are situated, whilst others are treated much more leniently. The suggestion has been made that all industrial schools recognized by Government should be exempt from local taxation of all kinds, and to this suggestion we offer our strong support.

Scholarship from local funds.

32. We are further agreed that local bodies should be encouraged to grant industrial scholarships from local funds, such scholarships being tenable in Government or aided industrial schools in a particular locality or elsewhere. We believe that the necessary funds for this purpose can be found, at all events to a limited extent, if the spirit is willing, and we are further of opinion that the provision of such scholarships would, as a general rule, be a much more suitable arrangement than for local bodies to attempt to conduct industrial schools on their own account. Where local bodies themselves conduct industrial schools, we consider that such schools should be aided by Government on the same lines as other aided institutions.

11. The Government do not consider it necessary to take any action on the suggestion in paragraph 31 of the Committee's report that all industrial schools recognized by Government should be exempted from local taxation of all kinds. In the first place, they observe that industrial schools are already, as educational institutions, exempt from property tax either under section 83 (a) of the Madras District Municipalities Act, 1920, or under section 80 (a) of the Madras Local Boards Act, 1920, according as they are situated within or without the municipal limits and that they are not liable qua educational institutions to any other taxation under these two enactments. The Government understand that the Committee's recommendation was based on communications received from the managers of these institutions in which they furnished information regarding the total amount of taxes paid without details of the grounds on which they were levied. The Government have now investigated the question further and find that, except in two instances, the taxes levied were in respect of those portions of the school buildings occupied by the staff for residential purposes. As regards the two excepted cases, it is doubtful whether one can be called an industrial school in the strictest sense while, in the other case, the municipal council concerned has exempted from property tax that part of the buildings which is used for educational purposes. The Government do not consider that there are sufficient reasons for exempting the authorities of the schools from the payment of taxes due on those portions of buildings which are used for residential purposes; nor do they think that the Committee intended to make such a recommendation.

12. In paragraph 32 of the report, the Committee observe that local bodies should be encouraged to grant industrial scholarships from local funds tenable in Government or aided industrial schools and that the provision of such scholarships would, as a general rule, be a much more suitable arrangement than for local bodies to attempt to conduct industrial schools on their own account. The Government agree with the Committee and commend these suggestions to the earnest consideration of local and municipal bodies in the Presidency.

The Government also accept the Committee's recommendation that where local bodies themselves conduct industrial schools, such schools should be aided on the same lines as other aided institutions. In the orders which issued in G.O. No. 982, L. & M., dated 15th April 1924, regarding the action taken on the various resolutions passed at the group conferences of local boards and municipal councils held in the year 1922, the Government observed that proposals for the opening of technical and industrial schools by local bodies would be considered if concrete proposals were placed before them. In working out any such scheme, local bodies may now assume that if their proposals in this respect are otherwise sound, they will get aid from provincial funds on the same lines and to the same extent as do the existing aided institutions.

No. 95.—Notification No. 480, published on pages 174-175 of Part I-A of the *Fort St. George Gazette*, dated 6th May 1924, in respect of acquisition of land for a public path in Pedo Beddepalli, Gulgonda taluk, Vizagapatam district, is hereby cancelled.

Fort St. George, December 24, 1924 (*G.O. No.* 3708, *L. & M.*).

No. 96.—In G.O. No. 3018, L. & M., dated 29th October 1924, the Government published for general information the draft of an alteration which they proposed to make in the rule relating to the payment of halting and travelling allowances to non-official members of local boards, including presidents and vice-presidents. No objection having been received, the alteration is confirmed. The appended notification will be published in the *Fort St. George Gazette*.

2. Collectors are requested to arrange for the republication of the notification in the several district gazettes.

NOTIFICATION.

In exercise of the powers conferred on them by sub-section (1) of section 199 of the Madras Local Boards Act, 1920, the Government hereby make the following alteration to the rule relating to the payment of halting and travelling allowances to non-official members of local boards, including presidents and vice-presidents, published in Notification No. 808 at pages 163–164 of Part I-A of the *Fort St. George Gazette*, dated 3rd April 1923:—

Alteration.

In clause (vi) of the rule, for the words "nor shall the travelling allowances drawn by him be taken into consideration in calculating the total travelling allowances drawn by the president" the following words shall be substituted —

"but the travelling allowances drawn by him in exercise of such powers shall be taken into consideration in calculating the total travelling allowances drawn by the president".

[Medical institutions—Closure of out-patient department on Sundays and on week day evenings].

No. 87.—In his Circular R. No. 1505-G, dated 13th August 1923, to District Medical Officers and Civil Surgeons, the Surgeon-General suggested that as an experimental measure the out-patient departments of all Government Headquarter hospitals in the mufassal might be closed on Sundays and in the evenings on week days, due provision being made for the treatment of urgent cases at all times. The arrangement was stated to have been tried in the Trichinopoly Headquarter hospital for some time and to have proved a success. It was accordingly extended to almost all other district headquarter hospitals.

2. As complaints were received that the closure of the out-patient department caused inconvenience and hardship to patients resorting to these institutions, the Government desired to have the opinion of the local bodies concerned as to the result of the new arrangement. These have now been received and considered by the Government.

3. The Government observe that almost all the local bodies consulted are strongly opposed to the closure of the out-patient department of hospitals on Sundays and week day evenings. In view of the fact that the number of medical institutions in the Presidency is very much smaller than what the exigencies of medical relief require, any reduction in the working hours of these institutions must naturally give room for complaint. The Government are convinced that there is widespread dissatisfaction on account of the step taken by the Surgeon-General and that it is necessary to restore the old order of things. The Surgeon-General is accordingly requested to issue instructions to the effect that the out-patient departments of all district headquarter hospitals should be kept open as before on Sundays and in the evenings on week days and to have this fact notified prominently in all these institutions.

Fort St. George, January 17, 1925 (*G.O. Mis. No.* 174, *L. & M.*).

No. 98.—The President, Taluk Board, Sivakasi, and the President, District Board, Ramnad, are informed that the Board of Revenue is right in its interpretation of G.O. No. 837, Revenue, dated 5th June 1924, in the matter of supervision by the Revenue Department over the work of collection of profession-tax. It is not the intention of Government that any officer of the Revenue Department except the village officers should help in the collection of profession tax.

Fort St. George, December 17, 1924 (*G.O. No.* 3611, *L. & M.*)

No. 99.—In view of the fact that the accounts and audit of local boards have been separated and that the responsibility for maintaining the former now vests in presidents, the Government consider that presidents of district boards should close the accounts of subscribers to the provident fund on their own responsibility without a pre-audit by the staff of the Examiner of Local Fund Accounts.

2. The rules for the working of provident fund institutions have been revised with reference to the above decision and are printed as an appendix to this order. They will be substituted for the rules in Appendix IX of the Local Boards Manual.

3. All district boards are requested to adopt the revised rules under section 71 (1)(*f*) of the Madras Local Boards Act, 1920.

4. As a corollary to this change, rule 20 of Appendix X of the Local Boards Manual will be deleted.

APPENDIX.

Rules for the working of Provident Fund Institutions maintained by District Boards and Municipal Councils.

In these rules (a) 'Local Body' means a municipal council constituted under Madras Act V of 1920 or any Act relating to Municipal Funds that may hereafter be passed by Government, and also a district board including, except in regard to rules 4, 8, 12, 21 and 23 below a taluk board and a union board constituted under Madras Act XIV of 1920 or any Act relating to local funds that may hereafter be passed by Government; (b) 'President' means the chairman of a municipal council and also the president of a district board and (c) 'vice-president' means the vice-chairman of a municipal council and the vice-president of a district board.

2 These funds are established for the benefit of the permanent officers and servants of the local bodies, and shall be called the Local Bodies' Provident Funds.

Note.—In exercise of the power conferred by section 6 of the Provident Funds Act IX of 1897 (India), the Governor-General in Council has been pleased to extend the provisions of the said Act to all provident funds established by local bodies.

3. Subscriptions to the fund shall be compulsory on such of the permanent officers and servants of the local bodies as are in superior service as defined in the Civil Service Regulations with the following exceptions:—

(a) employees for whom the local bodies are paying pensionary contribution, and

(b) employees entitled to pension from Government or from the local bodies under the orders of Government who shall not be permitted to contribute to the fund

But no such officer or servant shall be qualified to contribute to the provident fund before he attains the age of twenty.

Note 1.—Subscribers to the provident fund who are transferred temporarily to non-qualifying service may continue to subscribe during the temporary absence, provided they retain a lien on their permanent appointments.

Note 2.—Conservancy overseers and maistries, as well as public works maistries, should be considered as belonging purely to the class of temporary servants and as not entitled to contribute to the provident fund.

Note 3.—There is no objection to the servants of the local bodies subscribing to the provident fund while on probation if they wish and if the local bodies concerned are willing to permit them to do so; similarly servants holding substitute appointments may subscribe to the provident fund.

4. The provident fund shall be formed out of, and maintained by, (1) contributions from subscribers, (2) bonuses from the local body, and (3) interest derived from investments, or paid from the general funds of the local body, etc.; and the local body shall be the recipient and manager of the fund.

5. Contributions from subscribers shall be levied at the uniform rate of one anna in each whole rupee (1) of the pay of their appointments while on duty or on privilege leave, or (2) of the leave allowances actually drawn while on leave of other kinds. Schoolmasters and other officers undergoing training will be allowed to contribute during the period of training at the rate of one anna in each whole rupee of pay drawn by them immediately before their admission into the training institution.

Note 1.—In case of subscribers on privilege leave who serve in appointments in which regular vacations are allowed and who, under the operation of article 254 of the Civil Service Regulations, draw only a portion of their sanctioned pay, the contributions shall be levied on the pay they would have drawn had no deduction been made. Similarly, time should not be taken into account in calculating subscriptions.

Note 2.—Subscribers holding sub. pro tem. appointments will be regarded, for the purposes of this rule, as drawing the pay of their permanent posts, and subscriptions should be levied on the latter.

6. Subscriptions due shall be deducted monthly from the establishment pay bills and the deductions should be adjusted to the credit of the provident fund accounts. Officers other than the president who issue cheques for disbursement of pay to subscribers shall submit to the president monthly a statement showing the name of each subscriber, his provident fund account number, the pay disbursed to him and the subscription adjusted on his account to the provident fund. In the case of schoolmasters and others drawing no allowances while under training, the subscriptions due will be remitted into the treasury by the officers themselves, who will forward the chalans to the president.

7. The amount so credited shall, after the close of each month, be posted in a provident fund ledger to be kept in the president's office, from the establishment bills or from the statements or chalans referred to in rule 6.

8. The bonus from the local body shall be equal to the sum contributed by each subscriber during the year less such sums as have been paid by the subscriber during the period of his temporary transfer to non-qualifying service, and shall be credited to his account, if possible, before the 31st March, or whenever an account is closed under rule 14.

9 At the beginning of each month the amount deducted from the pay bills as provident fund deductions will be remitted to the Post Office Savings Bank or any other bank approved by the Government not later than the 4th to the credit of a conjoint account, which should be opened for the purpose at the chief post office in the locality. The bonus paid by the local body and other sums relating to provident fund will be similarly credited to the Savings Bank account.

10 Out of the deposits in the Postal Savings Bank account, any sum not required for the current expenses during the year may, as funds accumulate during the year, or at the beginning of the following year, be invested

(*a*) in Government securities in the manner prescribed for investments in the Postal Savings Bank rules, an investment certificate being obtained from the Accountant-General, Posts and Telegraphs, in support of such investments;

(*b*) in shares, Debenture Stock and Debentures of Indian Railway Companies, the interest whereon shall have been guaranteed by the Secretary of State;

(*c*) in fixed deposits in Presidency Banks or in such other banks as Government may approve of from time to time; or

(*d*) in debentures issued by the Municipal Corporations of the Presidency Towns or by the Port Trusts of Calcutta, Bombay, Karachi or Rangoon or in such others as Government may from time to time specially authorise.

Note 1.—Investments made prior to the introduction of these rules through the Accountant-General, Madras, will continue to remain with him until they are required by the local bodies

Note 2.—The investment of the provident fund balances as a loan to the local body is not permissible nor can the balance be drawn upon for general purposes even temporarily.

11. The account opened in the name of each subscriber shall show—

(1) the amount of his subscriptions with the interest thereon;

(2) his share of the bonus given by the local body with interest thereon; and

(3) the amount of all sums withdrawn or forfeited

12. (*a*) On opening his account in the fund, each subscriber shall furnish to the president a certificate under his signature giving the name and address of one or more persons to whom he desires that, in the event of his death, the whole or any portion of the amount due to him from the fund should be paid, and may at any time revise the certificate, and all certificates in force shall be duly recorded in the President's office in a register which should be under lock and key of the president or the vice-president. The serial number assigned to a subscriber in this register should be communicated to the subscriber and the head of his office for note in all subsequent bills and statements

(*b*) A subscriber is not permitted in his certificate to leave the amount of his accumulations or any part of it to any one outside his family, if he has one. When a certificate purports to leave money otherwise than to a member or members of a subscriber's family, the president shall call upon the subscriber to state whether he has a family, and if it is found that *he* has one, the certificate shall not be accepted.

Explanation.—For the purposes of these rules, only the following survivors of a subscriber shall be held to constitute his family :—

(1) Widow or widows.

(2) Children

(3) Widow or widows and children of a deceased son.

An adopted child will be considered to be child when under the personal law of the subscriber adoption is legally recognized as conferring the status of a natural child but in this case only

Note 1.—The certificates in question being of the nature of wills are exempt from stamp duty.

Note 2.—In cases in which it is not found feasible for the above certificates to be executed in the presence of the head of the office, their execution before a Revenue officer of or above the rank of Deputy Tahsildar is permissible.

Note 3.—In cases where the account of a subscriber is closed during his life-time and he himself receives payment, the certificate of fellowship may be returned to him and the fact recorded in the register of subscribers in the last column.

13 The local body will not be bound by, or recognize, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a subscriber who dies before retirement.

14 The account of each subscriber shall be closed

(1) when he is dismissed from the service of the local body, or removed or called upon to resign on account of misconduct or inefficiency, or resigns without notice or permission, or in the case of a servant appointed on probation, if he is not confirmed at the end of the probation period; or

(2) when he retires from service by reason of certified physical incapacity, or on attaining the age of 55 years, or after completing qualifying superior service for 30 years, or when his services are dispensed with owing to a reduction of establishment, or some cause other than his own misconduct, as when he becomes incapable of contributing to the fund by reason of his having been subsequently reduced to *inferior* service as defined in the Civil Service Regulations, otherwise than for misconduct, or by reason of his permanent transfer from qualifying to non-qualifying service, or when he is permitted to resign under any circumstances other than those mentioned in clause (1) of this rule; or

(3) when he dies.

Note 1.—Subscribers who are reduced to inferior service as defined in the Civil Service Regulations, owing to their misconduct, shall be regarded for the purposes of this rule as having been dismissed from the posts carrying higher pay, and shall accordingly be dealt with under rule 14 (1).

Note 2.—When the account of a subscriber is closed under the above rule the amount of his subscription with bonus and interest due up to the date on which his account is closed, shall be paid to him by the president after careful scrutiny subject to audit in the usual course along with the monthly accounts.

15. When with the consent of a local body, a subscriber takes service under another local body which also maintains a provident fund, the amount to his credit in the provident fund of the former body shall be transferred to the provident fund of the latter.

In cases however where the transfer of service is temporary the amount to the subscriber's credit need not be so transferred but the latter body shall contribute to the former body a bonus equivalent to the subscription paid by the subscriber to the provident fund of the former body during such temporary service.

14. (*a*) When a subscriber's account is closed under clause (1) of rule 14, the local body may withhold all or any part of the amount standing to his credit in the bonus account and pay him only the balance together with the amount deposited by him as subscription and the interest thereon.

(*b*) When an account is closed under clause (2) or clause (3) of rule 14 the subscriber or his nominees or heirs—as the case may be—shall be paid the whole amount standing to his credit both under subscriptions and under bonus

Proviso,—Provided that all payments under this rule shall be subject to such recoveries as may be ordered by the President under rule 18.

Note 1.—Subscriptions and bonuses payable under this rule which are not claimed within six months shall be transferred to the head 'Deposits' and dealt with under the rules applicable to 'deposits' generally. In the case of a subscriber's death the six months shall be calculated from the date on which a registered notice is sent in the prescribed form to the person or persons specified in the certificates referred to in rule 12.

Note 2.—In cases in which a portion of the contributions paid by a subscriber has been taken in lieu of the security which he would otherwise have to furnish, the return of such security to the subscriber or his heirs, as the case may be, shall be withheld for a period of six months from the date of termination of the service of such subscriber.

Note 3.—If the recoveries to be made from a subscriber under rule 18 have not been ascertained on the date of closure of his account under rule 14 undue delay in payment is caused thereby. Interest should be allowed to the subscriber until he is given intimation that the recoveries to be made from him have been ascertained and that he may receive payment of the amount due to him. No interest will be payable after the date on which intimation is sent to the subscriber.

17. The amount payable under rule 16 to a subscriber when he quits service will become his absolute property and will be handed over to him unless the president has received notice of an attachment, assignment or encumbrance affecting the disposal of the amount or any portion of it. Should such notice have been received, only that portion of the amount which is not affected by the attachment, assignment or encumbrance will be paid by the president to the subscriber, and the orders of the local body shall be taken as regards the disposal of the balance.

18. From and out of the amount standing to the credit of any subscriber the president shall have power to recover and pay to the local body the amount of any claim it may have against such subscriber. The president may also allow temporary withdrawals of subscription and interest thereon, subject to the conditions that the amount so withdrawn is limited to three months' pay and shall be repayable at the direction of the president in not less than 12 instalments nor more than 24, and that the withdrawals are limited to occasions when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary. The following may be recognised as legitimate occasions on which withdrawals may be permitted —

(*a*) to pay expenses incurred in connexion with the illness of the subscriber or a member of his family,

(*b*) to pay for the passage of any member of the subscriber's family coming from beyond the sea to join him, or requiring to make a journey beyond the sea for some urgent cause,

(*c*) to pay expenses in connexion with the marriages, funerals or ceremonies, which by the religion of the subscriber it is incumbent upon him to perform, and in connexion with which it is obligatory that expenditure should be incurred.

Note.—When an advance is repaid, as regards principal, in twelve instalments, thirteenth instalment representing interest and equivalent to 3 per cent of the amount of the advance should be paid in the month following that in which the last instalment is paid. Similarly an additional instalment equivalent to 6 per cent of the total amount of the advance should be paid when the advance is repaid in more than twelve instalments. In calculating 3 per cent as above 6 per cent a fraction of a rupee should be taken at the next higher whole rupee if it exceeds 8 annas and should be ignored, if it does not. The interest so levied should be credited to the subscriber's account.

19. At the end of each year, the account of each subscriber shall be credited with interest on his average balance during the year at such rate as may be fixed from time to time by the local body with the approval of the Examiner of Local Fund Accounts.

Note.—The rate has been fixed by Government at 4 per cent in the first instance and will hold good until it is altered by the local body under the above rule.

20. The securities held on behalf of the provident fund shall be valued for the purposes of the accounts of that fund at their face-value. When, on the closure of an account, securities have actually to be sold for meeting the liabilities of the fund and when the price fetched at the sale is less than their face-value, the difference shall be paid at once by the local body from its general funds to the credit of the provident fund.

Note.—Where, owing to the depreciation of 3 per cent and 3½ per cent Government securities, they have been converted into securities bearing interest at from 4 to 4½ per cent but for smaller face-value, the difference between the latter and the face-value of the original securities should be made good at once from the general funds of the local body and invested in the same manner as assets of the provident fund.

21. (*a*) All interest earned on the securities in a year over and above what is payable to the subscribers shall, together with the bonus forfeited under rule 16, discounts on investments, if any, and other miscellaneous receipts, be credited to the head 'Miscellaneous'.

(*b*) If, in a particular year, the interest earned on securities is less than the amount payable to subscribers, the difference together with premia on investments, if any, shall be debited to this head.

(*c*) All charges incurred during the year on establishments shall be debited to this head.

(*d*) The balance available under this head will lapse to the local body after reserving a sum equal to the probable amount of the debits referred to in clause (*c*) for the next three years.

(*e*) In case the difference referred to in clause (*b*) above is not covered by the balance under this head, the excess shall be adjusted to the provident fund from the general funds of the local body.

22. As soon as possible after the close of each year or when his account is transferred to another local body under rule 16 every subscriber will be furnished with a statement in the prescribed form showing the amount at his credit inclusive of interest and bonus. Depositors are required to satisfy themselves as to the correctness of these statements, and errors in them should be brought to the notice of the president within one month from the date of their receipt.

23. The president will cause to be kept a provident fund ledger of subscribers, an abstract register and a cash book for the transactions of the fund. The provident fund ledger and the abstract register will be posted as regards receipts of subscriptions from the pay bills, or from the monthly statements and as regards withdrawals from the paid vouchers concerned. At the end of the year interest and bonus will be calculated on the account of each subscriber, and the amounts posted in the respective columns against each subscriber. The totals should then be made and the necessary entries made in the cash book. A transfer adjustment voucher will, at the same time, be drawn up and passed by the president for credit of the total amount of bonus to the debit head 'Provident Fund' by debit to the service head 'Bonuses to the Provident Fund', and the adjustment included in the accounts of the year. In the case of subscribers' accounts closed during the course of the year, the same procedure should be followed for the adjustment of the bonus as soon as the account is closed.

The cash book will be opened every month with the closing balances of the previous month. The total amount of subscriptions realised will be credited in one entry at the end of the month, but all other transactions should be recorded as soon as they occur care being taken to show the amounts in the proper columns. The cash book should be balanced every month and the total net balance verified with that shown in the pins and minus memorandum against the head 'Provident Fund'. At the end of the year, if there is any surplus under the head 'Miscellaneous' to be transferred to the credit of the local body under rule 21, an adjustment voucher will be drawn up and passed by the president debiting the head 'Provident Fund' by credit to 'Miscellaneous—Surpluses transferred from Provident Fund'. In the cash book it will be shown as a charge under 'Miscellaneous'. When the cash book has been closed, the closing balances under the heads 'Subscriptions and bonuses' should be verified with the corresponding totals in the abstract register, while that shown under 'Investments' should be verified with the Trust Accounts published by the Accountant-General in the *Fort St. George Gazette*, or by communication with that officer, in the case of investments made through him, with the certificates obtained under rule 10 in the case of investments made through the Accountant-General, Posts and Telegraphs, or with the actual certificates, etc., or acknowledgments thereof in the cases of other investments.

If any differences are noticed when effecting the reconciliations above referred to, steps should be taken at once to find out the cause thereof and the necessary adjustments should be promptly made.

The provident fund ledger, abstract register, cash book, register of subscribers and bonus and other records of the fund should be examined monthly by the president and should be reviewed every year by the Local Fund Inspecting Staff of the Examiner of Local Fund Accounts.

Fort St. George, December 20, 1924 (G.O. Mis. No. 3363, L. & M.).

No. 100.—The Government of India have ordered that interest at 6 per cent per annum should be charged on advances sanctioned to Government servants after 1st July 1924 for house building and for the purchase of conveyances. The system of making advances free of interest was abolished by the Government of India for the following reasons :—

(1) Experience had shown that advantage was taken of the concession to an extent which was not contemplated when the system was introduced.

(2) The burden imposed on the public revenues in the shape of loss of interest amounted to a large sum of money every year.

(3) The system of free advances was proved to have encouraged in some cases extravagance and running into debt.

The Local Government consider that, for similar reasons, local boards and municipal councils should also charge interest on advances sanctioned by them to their servants after 1st July 1924.

No. 106.—The following is published *for information* :—

Letter from the Accountant-General, Madras, to the Executive Engineer, Vizagapatam Division, No. T.M. 24—21—3759, dated 16th January 1925.

[*Subject.*—Amendment to Fundamental Rule 87.]

In reply to your letter No. 3-A Gs, dated 6th January 1925, I have the honour to state that, in the case of a non-gazetted Government servant whose pay is less than Rs. 300½ a month, his average pay, for the purpose of leave salary whether the leave taken by him exceeds one month or not is the pay of the permanent post held by him substantively at the time of taking leave. He cannot be allowed average pay calculated on the pay drawn for the last twelve months or the pay drawn by him in an officiating or temporary capacity, as this privilege has been withdrawn under the amendment to Fundamental Rule 87.

2. The second clause in the proviso to Fundamental Rule 87, viz., 'or the leave taken does not exceed one month' applies exclusively to non-gazetted Government servants whose pay is not less than Rs. 300 a month. In the case of these officers, they are entitled to draw during leave on average pay not exceeding one month leave salary equal to pay in the permanent post held by them substantively at the time of taking leave. If the period of leave exceeds one month, they are entitled to only average pay calculated under Fundamental Rule 9 (2).

No. T.M. 24-21-3761, DATED 15TH JANUARY 1925.

Copy forwarded to all Heads of Departments with the request that subordinate officers under them may kindly be informed accordingly.

ENDORSEMENT—No. 1358-I, DATED 19TH JANUARY 1925.

Communicated to the Registrar-General of Panchayats, President, Corporation of Madras, Presidents of all Local Boards and Chairmen of all Municipal Councils.

Fort St. George, January 22, 1925 (*G.O. No.* 238, *L. & M.*)

No. 107.—Rule 9 of the rules for the appointment and punishment of local board servants issued under G.O. No. 1926, L. & M., dated 31st August 1925, provides that no president of a local board shall, without obtaining the consent of the Government or of such officer as they may designate in this behalf, inflict any punishment on a Government servant lent to the local board who is a member of an All-India or Provincial Service. Rule 3 of the rules issued with G.O. No. 499, L. & M., dated 14th March 1922, contains a similar provision with regard to the punishment by the Chairman of a Government servant of the same description lent to a municipal council.

2. The Government are advised that the above rules are not consistent with the rules issued under sections 45-A and 96-B (2) of the Government of India Act, in respect of the discipline and conduct of members of All-India or Provincial Services and that they are also out of place in rules framed under the Madras Local Boards Act, 1920, and the Madras District Municipalities Act, 1920.

3. The Government therefore propose to amend the rules so as to remove this defect. Presidents and Chairmen who are dissatisfied with the work or conduct of a member of an All-India or Provincial Service may however report against such officer to Government who will take such action thereon as is deemed fit.

4. The appended notifications will be published in the *Fort St. George Gazette*.

GENERAL NOTIFICATIONS.

DEPARTMENT OF AGRICULTURE.

CASTOR CROP OF 1924.

The area under castor in the Madras Presidency in 1924 is estimated at 333,000 acres as compared with 339,500 acres estimated on the same date last year, or a decrease of two per cent. Last year's estimate was very close to the ultimately recorded area of 338,020 acres. The variations as compared with last year are small except in Kurnool and Bellary where there is a reduction in area as castor has been replaced by dry food-grains to some extent.

2. The crop in Ganjam and Vizagapatam was affected by heavy rains. The season has been favourable in the Deccan, Nellore, Chittoor, and North Arcot and yields above normal are expected. Normal yields are reported from the other districts.

The seasonal factor for the Presidency works out at 102 per cent of the average against 95 per cent in the previous year according to the season and crop report. On this basis, the yield is estimated at 35,500 tons as against 30,300 tons estimated on the corresponding date last year and 29,530 tons estimated in the season and crop report of last year.

3. Figures by districts are given below :—

1. Every candidate for admission as Vakil of the High Court shall be required to satisfy the Court—

(1) either that he passed the examination for the degree of Bachelor of Laws of the University of Madras in or before January 1899, or that he has passed the examination for that degree since January 1899 and (unless the candidate for admission has presided as a Judge of a Civil Court in the Madras Presidency for a period of not less than three years) has also passed the examination in the Law of Practice and Procedure, Civil and Criminal, provided for by Rule 14, or that he has taken the degree of Bachelor of Laws of the University of Allahabad or the degree of Bachelor of Laws of the Aligarh Muslim University or the degree of Bachelor of Laws of the University of Calcutta, or the degree of Bachelor of Laws of the University of Patna or the degree of Bachelor of Laws of the University of Dacca or has taken such degree in Law of any other University as the High Court may, by general or special order, accept as equivalent to the degrees herein specified, and

If the High Court disapproves of any contract or assignment filed under the foregoing provisions, such disapproval shall be signified by the Registrar to the contracting parties, and thereupon the contract or assignment, as the case may be, shall be deemed inoperative for the purposes of these rules.

9. In case any apprentice shall show sufficient cause, to the satisfaction of the Court, why the conditions of Rules 2 and 8 cannot be fully complied with, it shall be in the power of the Court to dispense with any part of such conditions as it may think fit.

10. Every pleader who applies to be admitted as a Vakil under the latter part of clause (2) of Rule 1 shall file his application with the Registrar, together with answers to the questions contained in Schedule C, and a certificate in the form given at the foot thereof; also his B.L. diploma, and, if necessary, a certificate showing that he has passed the examination in the Law of Practice and Procedure, Civil and Criminal, referred to in the rule.

Conditions of auction sale.

I. Any person desiring to bid must deposit Rs 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 when necessary In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power of attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

NOTE.—In Madras City the deposit must be paid into the taluk treasury and the chalan for such payment produced before the selling officer Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the chalan at the taluk office

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of license or of a contract under the $\frac{\text{Abkari}}{\text{Opium}}$ Act as to render him undesirable as a holder of a licence ; or (2) that he is insolvent or in arrears to Government ; or (3) that his bid is purely speculative ; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village ; or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated ; or (6) that he is a brewer bidding for beer shops ; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests, or (8) for any other valid reason

III. The reserve price placed on each shop will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop he may at his discretion either accept the next highest bid or re-sell the shop. In case of dispute the selling officer's decision will be final.

VI. Every person whose bid is provisionally accepted shall—

(a) at once if so required by the selling officer or otherwise at the close of the day's sale deposit (in addition to the deposit made under clause I) half a month's rent for each shop knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(b) at once apply in writing for a licence for each shop knocked down to him, and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop;

(c) within fifteen days from the date of sale,

(i) deposit such further sum as with the deposits already made under clause (a) supra will make up two months' rent of all shops knocked down to him; and

(ii) if the Tahsildar is not satisfied that he can be trusted to pay his rent punctually and fully, deposit two months' rent of all shops knocked down to him, in addition to the deposits required under clause (i) supra or produce a surety or sureties, approved by the Tahsildar, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the licences for those shops and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said licences by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof by the surety or sureties or by the purchaser. The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser, he shall also be bound to execute a counterpart agreement.

VII. Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII. At the close of the day's sale the selling officer will notify the date on which re-sales, if any are found necessary, will be held; when the list of shops to be re-sold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX. The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a licence under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should, however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII. The deposits under condition VI (c) may be made either in cash or in recognized Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass-books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (a) which have not been refunded as well as deposits due under condition VI (c), the deposits made in cash may be returned to the depositors. Renters who have made the deposits under condition VI (c) in the form of deposit certificates obtained from any of the Central Banks mentioned above or in cash may make a formal requisition to the Treasury Officer to transfer the cash deposits made by them under conditions I and VI (a) or under condition I, VI (a) and VI (c) to the fixed deposits in the Central Bank in the name of the Collector. The Treasury Officer will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorised to receive it, or will remit it by posted money-order or insurance cover to the Bank. In cases of default under condition X of the conditions of auction sale or under condition 37 of the general conditions applicable to all abkari and opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

Condition of Issue of Licences for Wholesale Vend of Arrack.

XIV. Applications for the privilege of wholesale vend of country spirits should reach the Collectors concerned on or before the 1st March 1925 and should be accompanied by a fee of Rs. 15 which will be returned to those persons whose applications for licences are not approved. The grant of licences confers no exclusive privilege, and it will be open to the Collector to grant licences under like conditions to other persons at any time during the currency of the licences for which applications are now invited. Licences will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots and deposited such amounts as may be required by the Collector as security for the proper fulfilment of the conditions of the licence. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Wholesale depot licences will not be granted to persons having interest in retail shops.

The licences issued under the above clauses will contain the following general conditions common to all abkari and opium licences and the special conditions prescribed below for any particular kind of licence.—

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector provided the site selected is approved of by the Revenue and Police authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. 6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. Collectors may alter these hours during the currency of the licence with reference to any alteration in the Railway Time Tables.

(2) The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females do not apply to foreign liquor licenses issued on fixed fees.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give information of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shop keepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee, and shall become due immediately on resale or other disposal of the shop; but the defaulting licensee shall have no right to any gain which may accrue. The whole of the deposit, if any, made by the licensee shall be liable to forfeiture. The officer who has power to suspend the licence may at his discretion allow sales to continue pending resale or other disposal of the privilege.

27. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

Breach of this condition will render the party liable to the penalties prescribed by condition 37 in respect of all or any of the licences held.

29. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licences.

30. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, transport or sale of liquor, opium or intoxicating drugs, committing breaches of the Abkari/Opium laws and to comply with the Divisional officers orders respecting the continued employment of such persons.

(2) Infraction of any of the conditions of the licence by a licensee or by any person in his employment will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to fine not exceeding Rs. 50 or to cancellation of licence and resale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Collector to forfeiture of deposits. The rent for the whole lease shall become due at once when a lease is cancelled under this or the preceding rule.

NOTE.—For continuing breaches of a discrete, continuing fines may be imposed.

38. Any sum due by a licensee may be adjusted from the deposit, if any, made by him or collected under the Revenue Recovery Act as an arrear of land revenue.
